Email response from Thai Embassy Singapore

Dear Miss Atinutch,

We have discussion on this matter before,

Your Thai Birth certificate indicate your mother's name as "จ๊ะ" but in the House registration indicate "นางจ๊ะ" as well in your Thai birth certificate indicate your father's nationality as "มุขเซอร์" but in other documents indicate "ท.ไทย"

So you need to get the "Certification from the District Office" to certify the same person.

and your witness's passport you gave to me is not full page the number incomplete, please scan me a new one with a full page.

After you complete all this we can fix appointment to sign the application form and on the day you sign the application form, then I can give you a letter.

Regards,
Pornpimol
